### SIR JOHN ABBOTT DEAD.

CANADA'S EX-PREMIER FOLLOWS HIS PREDECESSORS.

MONTREAL, Oct. 30.—Sir Jno. Abbott ex-premier of Canada, died at 9 o'clock this evening. He had been in poor health for some months. His advanced age, being over 70, and poor health forced him to resign the premiership, and he took a trip to Europe with the hope of gaining some of his old-time vigor. He was absent for over three months, but the trip did not do him any material benefit, and he returned home in a very enfeebled condition. Dr. Roddick and other prominent medical men who were called in, after consultation, decided that the patient was suffering from a species of cancer of the bowels and that an operation was imperative. This was performed a few weeks ago, but though it afforded relief it brought about no permanent cure, and Sir John gradually grew weaker day by day until death ended his sufferings this evening. His end was peaceful, and he was surrounded in his last moments by all the members of his family. The funeral which was largely attended took place Thursday afternoon. The remains were interred in the Mount Royal cemetery here.

### A HASTY BLOW.

REGINA, Oct. 30.—Deep anxiety gripped in many hearts on Monday night when it was learned that a German laborer named Vincent Weidman was lying at the point of death as the result of injuries sustained in an altercation with young John McDonald. The unfortunate occurrence took place at the new court house shortly before six o'clock, and as Weidman lived until about 10 o'clock that night many citizens were not aware of the fatality until next day, when it became the main topic of conversation and when many versions were afloat.

The young man McDonald has been for a couple of years employed as driver of the Western Milling Co's delivery wagon, and consequently is well known in town and surrounding district. He was sent to the court house, now under construction, to get some mortar and feeling that he had proper authority proceeded to get what he wanted out of a convenient box. Weidman who was looking after the mortar for contractors Willoughby & Mollard, objected in a rather arbitrary manner, so it is said whereupon the lad moved off to another pile. Here Weidman followed him and hot words were again exchanged. The prisoner's story as related by himself to the writer is that Weidman called him a son of a— and jostled him about, and that to frighten Weidman off he (McDonald) raised his grain shovel, with which he was lifting the mortar. At this Weidman became more irritated and closed upon him with clinched fists, when he (McDonald) in self-defence let drop his shovel which struck his assailant on the top of the skull. As already stated, other versions are afloat, but as there were several persons in the vicinity it is likely the facts will be elicited in due course.

One of the stories which rapidly passed from mouth to mouth will bear contradiction here. It was that McDonald had made an effort to flee. He did nothing of the kind. Although apparently much agitated he said little or nothing about the matter when he came home at tea time. He went about his chores as usual and was in the act of carrying a pail of water to his horses when Chief Williams arrested him, about two hours before Weidman was dead.

On Tuesday the policeman laid the necessary information before Coroner Low who proceeded to arrange for the

inquest. It was nearly five o'clock when the following jurors were drafted and sworn in:—Robt Martin, Foreman; E. McCarthy, R. B. Ferguson, J. S. Donahue, John B. Marshall, John Moody. Mr. P. McAra, jr., acted as coronor's clerk. After viewing the body the coronor's court was adjourned until 2 p. m. to-morrow when evidence will be taken.

### SARA LORD BAILEY.

The Independent Order of Foresters have secured this "Queen of Elocution" to appear in the town hall here on Nov. 13th.

Miss Bailey is meeting with overwhelming success along the line. The following press notices speak well of her:

The readings of Sara Lord Bailey were even more popular with the audience than the musical programme. The variety of her readings from grave to gay with touches of pathos and passion between remind one of Mrs. Scott Siddons at her best.—Brandon Mail.

A very large and appreciative audience greeted Miss Sara Lord Bailey's first appearance in Morden last Thursday evening. The pieces rendered by her, delighted her hearers. Of course tastes differ, some prefer recitations like the "Chariot Race," others those of some vein, but all were very good. The instrumental and vocal pieces given between the intervals of Miss Bailey's recitations, showed that while we may not have any first-class reciters we have some admirable vocalists and instrumentalists in Morden. The net proceeds for the benefit of the Hospital amounted to \$5.50.—Morden Herald.

Miss Bailey's reputation as an elocutionist is rapidly extending and her performance last night was calculated to add considerably to it. Her recital of the "Chariot Race," from Ben Hur could not be surpassed.—Toronto Empire.

### CHICAGO'S MAYOR MURDERED.

CHICAGO, Oct. 28.—Carter Harrison, five times mayor of Chicago, ex-congressman, ex-county commissioner, editor, capitalist and author, was assassinated in his own residence at 231 South Ashland avenue this evening at 8 o'clock. Three bullets entered his body, two of them making wounds sufficient to cause death. The murder was committed by Eugene Patrick Prendergast, a paper carrier, who declared that the mayor had promised to make him corporation counsel and had not kept his word. This, he said, was the only reason for committing the crime.

### EDUCATIONAL EXHIBIT AT THE WORLD'S FAIR.

OUR NORTH-WEST SCHOOLS—OUR INDIANS.

The educational exhibit of Canada is unsurpassed by any in the liberal arts building. A great celebrity from Europe said the Ontario educational exhibit was a perfect model of what such an exhibit should be. The North-West section while necessarily small compared with some others, is one on which the Council of Public Instruction is to be congratulated. It is a representative exhibit, and contains some excellent work. The schools represented by samples of examination papers in arithmetic, algebra, grammar, history, Euclid and other subjects are: Regina, St. Albert, Indian Head, Moonbeam, Widdowake, Moose Jaw, Sacombe, Prince Albert, St. Joachim, Whitewood, Wolseler, Calgary. Extremely neat and creditable samples of kindergarten work from the Regina school are shown, while around the court are photos of prairie scenes and principal buildings in some of the North-West towns, and maps drawn by pupils, among the maps being two, the work of Grand Smith and Winnifred Benson, of Regina, which are exceptionally fine. One of the most notable exhibits here is a relief map made by pupils of Moose Jaw school.

The best drawing in the exhibit is a pencil picture of a young lady, executed by Miss Estella Hamilton, of Moonbeam school. A novelty in the way of a composition is one on "The Life of a Grey Goose," by pupils of Moose Jaw school. There are also included in the exhibit a number of exercise books, nicely illuminated in neat designs by the pupils of various schools and an interesting collection of dried plants from the College, Prince Albert. The North-West educational exhibit has been pronounced by hundreds of visitors to be most creditable, and coming from so young a country, one of the most remarkable at the World's Fair.

In the handsome court devoted to Canada in the manufactures building, which contains 44 acres of floor space is found the very interesting exhibit of the Indian Dept. Here may be seen among other articles and exhibits glowing the wonderful skill and intelligence which under wise training the Indians of the North-West have attained, a complete tepee, filled with curious skins, mats, etc.; also robes, heads, stuffed birds and animals, domestic hides tanned by Indians, models of industrial school buildings in the North-West, iron harrows, oil paintings and paintings on velvet, woodwork of various descriptions and a printing office in full operation.

There is not the least doubt that Canada in general, and the North-West particularly will derive greater benefit from the World's Fair than any other country except the United States.

Thousands of young men and older men with families have been thoroughly posted by word of mouth on the various resources and advantages of the North-West Territories, a fact which means that the dense ignorance of the Yankee on Western Canada will be, to a large extent, dispelled and that the North-West will secure a large number of immigrants from various parts of the states.

Adjutants McMillan & Evans of the Salvation Army will hold special meetings in the Town Hall, on Nov. 10th, 11th and 12th. On Friday the 10th, there will be a fine light exhibition. A number of interesting views will be shown. Admission 15c. The proceeds go to help the different branches of our social work, such as the children's shelter, women's rescue home, etc. We promise you something good no one should miss seeing the fine light exhibition.

Cling to Those Who Cling to You.

There are many friends of summer,  
Who are kind while flowers bloom,  
But when winter chills the blossoms  
They depart with the perfume;  
On the dread highway of action  
Friends of worth are far and few,  
So when one has proved his friendship  
Cling to him who clings to you!

Do not harshly judge your neighbor,  
Do not deem his life untrue,  
If he makes no great pretensions,  
Deeds are great though words are few;  
Those who stand amidst the tempest  
Firm as when the skies are blue,  
Will be friends while life endures,  
Cling to those who cling to you!

When you see a worthy brother  
Buffeting the stormy main,  
Lend a helping hand fraternal  
Till he reach the shore again;  
Don't desert the old and tried friend  
When misfortune comes in view;  
For he needs friendship's comfort,  
Cling to those who cling to you!

SALMAGUNDI.

To point a moral and adorn a tale!  
—JOHN BROWN

As a rule clergymen—ministers—are  
very badly paid. We remember hearing  
of one who had been nearly starved  
by his congregation and who became a  
chaplain in a penitentiary. Preaching  
his farewell sermon before starting for  
his better remunerated but more con-  
fined sphere he took for his text: "I go  
to prepare a place for you that where I  
am there you may be also."

He dreamed he'd found the lost north pole,  
And round it tried to hover,  
He awoke to find the blankets gone,  
His wife's house plants to cover.

Among examples of "pious senti-  
ments missing their mark," the follow-  
ing beats all competitors that I have  
come across. It is said to come from a  
tombstone in the North-west provinces.  
I do not know whether it is new, but  
it is good enough to bear repetition:

Sacred to the Memory of  
The Rev.  
Who, after 20 years' unflinching labor as a  
Missionary, was accidentally shot  
by his Kiltinagar.

"Well done, thou good and faithful servant."  
—London Truth.

"Home," says Robertson in his ser-  
mons, "is the one place in all this  
world where our hearts are sure of each  
other. It is the place of confidence.  
It is the place where we tear off the  
mask of guarded and suspicious cold-  
ness which the world forces us to wear  
in self defence, where we pour out the  
unreserved communication of full and  
confiding hearts. It is the spot where  
expressions of tenderness gush out  
without any sensation of awkwardness  
and without any dread of ridicule. Let  
a man travel where he will home is  
the place to which his heart un-  
trammelled fondly turns. He is to  
double all pleasure there. He is to  
divide all pain. A happy home is the  
single spot of rest which a man has  
upon this earth for the cultivation of  
his noblest sensibilities."

"Yes," said the old man addressing  
his young visitor, "I'm proud of my  
girls, and should like to see them all  
comfortably married; and as I've made  
a little money, they won't go to their  
husbands penniless. There's Mary, 25  
years old and a real good girl. I shall  
give her £1,000 when she marries.  
Then comes Bet, who won't see 35  
again, and shall have £2,000, and the  
man who takes Eliza who is 40, will  
have £3,000 with her."

The young man reflected a moment  
or so, and then nervously enquired:  
"You haven't one about 50, have you,"  
—Tit-Bits.

"Only the utterly selfish or the ut-  
terly ignorant can be happy with the  
happiness of savages or children, how-  
ever prosperous their own affairs. For  
to the rest, to those who think and  
have hearts to feel, and imagination  
to realize, and a redeeming human  
sympathy to be touched, the mere  
weight of the world's misery pressing  
round them like an atmosphere, the

mere echoes of the groans of the dying,  
and the cries of the children are suf-  
ficient, and more than sufficient, to dull,  
aye, to destroy the promise of their joy.  
But even to this finer sort there do  
come rare periods of almost complete  
happiness—little summers in the tem-  
pestuous climate of our years, green-  
fringed wells of water in our desert,  
pure northern lights breaking in upon  
their gloom. And, strange as it may  
seem, these breaths of happy days,  
when the old questions cease to torment  
and a man can trust in Providence and  
without one qualifying thought bides  
the day that he was born, and very  
frequently connected with the passion  
which is known as love; that myster-  
ious symbol of our double nature, that  
strange tree of life which, with its roots  
sucking their strength from the dust-  
heap of humanity, yet springs aloft  
above our level and blooms in the face  
of heaven.

The Brydon Case.

HILTON, Man., Oct. 30.—James Bry-  
don, of this place, told a marvellous tale  
to a newspaper reporter the other day.  
He said he had been attacked by kidney  
disease about two years ago, which re-  
sulted in continuous pains in the back.  
To use his own words, "the pains were  
unbearable and life was a drag." He  
became so weak that he had to give up  
work for over a year, and frequently  
needed assistance in dressing and he  
could not put on his own boots. Mr.  
Brydon has lately taken one dozen  
boxes of Dodd's Kidney Pills. The re-  
sult has been a perfect cure and he is  
to-day as healthy and happy a man as  
can be found in the Province. These  
pills have only been on sale for a short  
time in Manitoba, but several instances  
of really wonderful cures from their  
use have come to light throughout the  
Province.

THE GREAT SOUTH AMERICAN  
NERVINE TONIC

STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD  
Chronic Diseases are caused by Deranged Nerve Centres  
at base of the Brain.

LATE discoveries have absolutely  
proven that the Stomach, Liver,  
Lungs, and indeed all internal organs,  
are controlled by the nerve centres at  
the base of the brain. The man-  
ufacturer of SOUTH AMERICAN NERVINE  
has studied this subject closely for more  
than twenty-five years, and has lately  
demonstrated that two-thirds of our  
Chronic Diseases, are due to the im-  
perfect action of nerve centres, either  
within or at the base of the brain and  
not from a derangement of the organs  
themselves; hence that the ordinary  
methods of treatment are wrong.

As all know, a serious injury to the  
spinal cord, will at once cause Paralysis of the body below the injured part,  
it therefore will be equally well understood, how the derangements of the nerve  
centres, will cause the derangement of the different organs of the body which  
they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the  
fact that it is based on the foregoing principle. The use of a single bottle of  
this remedy will convince the most incredulous. It is indeed, a veritable  
Nerve Food and Will Relieve in One Day the varied forms  
of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the  
great wear our mode of living and labor imposes upon the nervous system.  
Nine-tenths of all the ailments to which the human family is heir, are  
dependent upon nervous exhaustion, impaired digestion, and a deteriorated  
and impoverished condition of the blood. The SOUTH AMERICAN NERVINE  
is a great nerve food and nerve builder and this accounts for its marvellous  
power to cure the varied forms of nervous disease, such as Neuralgia,  
Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking,  
Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental  
Dependancy, Forgetfulness, Sleeplessness, Restlessness, Nervousness of  
Females, Palpitation of the Heart, Sexual Weakness, etc., etc.,

A SWORN CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for several months with St. Vitus's  
Dance. She was reduced to a skeleton, could not walk, could not talk, could not  
swallow anything but milk; I had to handle her like an infant. Doctors and neighbors  
gave her up. I commenced giving her the SOUTH AMERICAN NERVINE TONIC, and the effects were  
very surprising. In three days she was rid of the nervousness, and rapidly improved. Four  
bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy  
ever discovered, and would recommend it to everyone.

Subscribed and sworn to before me this May 19, 1893.

CHAS. M. TRAVIS, Notary Public.

A WONDERFUL CURE FOR

INDIGESTION AND DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach,  
Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach,  
Sick-Headache, Hiccough, Water-Brash, Heartburn, Vertigo and Dizziness,  
Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease,  
because into it are taken so many indigestible and irritating substances as  
articles of food. In its great effort to digest these, it soon becomes weakened  
and diseased. Under such circumstances, it is not wonderful, that so many  
complain of Indigestion and weak stomachs. When the Stomach fails to digest  
and assimilate the food, the whole body falls into a state of weakness and decay.  
For Nature has decreed that the body must constantly receive nutriment  
through the Stomach, to repair the waste of tissue constantly going on in the  
system.

The South American Nervine

Is probably the greatest remedy ever discovered for the cure of all Chronic  
Stomach troubles, because it acts through the nerve centres. It gives  
marked relief in one day, and very soon effects a permanent cure. The  
first bottle will convince anyone that a cure is certain.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN

E. TRUAX, SAYS:

I have been for about ten years very much troubled with indigestion  
and dyspepsia, have tried a great many different kinds of patent medicines,  
and have been treated by a number of physicians and found no benefit  
from them. I was recommended to try SOUTH AMERICAN NERVINE. I  
obtained a bottle, and I must say I have found very great relief, and have  
since taken two more bottles, and now feel that I am entirely free from  
indigestion, and would strongly recommend all my fellow sufferers from  
the disease, to give SOUTH AMERICAN NERVINE as an immediate aid.

It will cure you.

July 16th, 1893.

Warkenton, Ontario.

Price, One Dollar

HARTFORD CITY, Blackford Co., Indiana, Jan. 1st, '94.

GENTLEMEN: I received a letter from you this  
morning stating that you had heard of my wonderful recovery  
from a spell of sickness of six years duration, through  
the use of SOUTH AMERICAN NERVINE, and asking  
for my testimonial. I will gladly state how I was cured,  
and how I was delivered from my pain and suffering.  
I was near thirty-five years old when I took down  
with nervous prostration. Our family physician treated  
me, but without benefiting me in the least. My nervous  
system seemed to be entirely shattered, and I constantly  
had very severe shaking spells. In addition to this I  
would have vomiting spells, and there would be from eighteen to twenty days at a time  
that I could not retain anything on my stomach. Many consultations were held by  
physicians over my case, but they all agreed that I would never leave my bed. During the  
years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from  
Columbus, Ohio, to come and examine me. They all said I could not live. I got to having  
spells like these, and would lie cold and stiff for a time after each. At last I lost the  
use of my body—could not rise from my bed or walk a step, and had to be lifted like a  
child; all the time suffering intense pain, and talking almost every known medicine. Part  
of the time I could read a little, and one day saw an advertisement of your medicine and  
concluded to try one bottle. By the time I had taken one and one-half bottles I could rise  
up and take a step or two by being helped, and after I had taken five bottles in all I  
felt real well. The shaking went away gradually, and I could eat and sleep good, and  
my friends could scarcely believe it was I. I am now the best I was in the world.  
It was a god-send to me, and I believe it saved my life. I give my name and address,  
so that if anyone doubts my statement they can write me, or our postmaster or any citizen,  
as all are acquainted with my case. I am now forty-one years of age, and expect to live as  
long as the Lord has use for me and do all the good I can in helping the suffering.

Will a remedy which can effect such a marvelous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS.

PITTSBURGH, Ontario, June 27, 1893.

To the Proprietor of South American Nervine.

DEAR SIR:—I have much pleasure in recommending the great  
SOUTH AMERICAN NERVINE to all who are afflicted as I have been,  
with nervous prostration and indigestion. I found very great relief  
from the very first bottle, which was strongly recommended to me by  
my druggist. I also induced my wife to use it, who, I must say, was  
completely run down and was suffering very much from general  
debility. She found great relief from SOUTH AMERICAN NERVINE,  
and also cheerfully recommends it to her fellow sufferers.

## NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the condition governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location, shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit, any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor, \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,  
Deputy of the Minister of the Interior.  
Department of the Interior,  
Ottawa, July 1890.

## Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.  
Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for made within six months of the expiration of the first year, an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.  
Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years (that must precede his entry by one month) cultivation within six months after the date thereof, breaking five acres the first year, cropping three acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT  
may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands his intention to do so. When, for convenience of the settler, application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

ESTAD  
may be taken by anyone who has received a homestead patent or a certificate of recommendation countersigned by the Commissioner of Dominion Lands upon application for patent made by him, or had acquired title to his first homestead on, or prior to the second day of June, 1889.

INFORMATION.  
Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those relating to Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, or to any of the Dominion Land Agents in Manitoba or the North-West Territories.

A. M. BURGESS,  
3c Dep. Min. of the Interior.
